INFORMATION ARCHITECTURE:

Portfolio 1—Annotations—IA Heuristic Evaluations Nos. 1-6

1. IA 15 Websites, Critique.pdf

Information Architecture, Navigational Systems—Heuristic Evaluations

Chapter Three, from the IA MAIA Thesis Report, was a review and rating of Websites. The research included analysis, commentary, and ratings on fifteen Websites, with regard to their Navigational Systems and Information Architecture—how they function—or do not work.

2. IA Website, Critique.pdf

E-Learning Program at Ohio University Online-Learning.com—Heuristic Evaluations

An evaluation was completed to demonstrate what works and does not work on their Website.

3. IA Interface, Critique.pdf

Interface Design, Information Architecture—Heuristic Evaluations

An evaluation was made of Rubinstein's Website, regarding interface design, Information Architecture and Navigational Systems to demonstrate what works and does not work on their Website.

4. IA Usability, Critique.pdf

Information Architecture, Usability Testing—Heuristic Evaluations

A review was made of a few Websites and recommendations suggested on how to improve their Websites. After reviewing this brief tutorial, you can understand why Information Architecture is important to Websites.

5. IA Heuristic Evaluations.pdf
